|-----------------|---|
| 10 – 15 minutes | Welcome & Introduction |
| 90 minutes | PARENTING PRE- AND POST-1960S...THE “EXPERTS”
REPLACE GRANDMA: An in-depth look at and analysis of the parenting paradigm shift that took place in the late 1960s and early 1970s, emphasizing the move from disciplining proper character to understanding and “properly” responding to the child’s feelings. Can you say, “I need a safe space!!!” |
| 15 minutes | Break |
| 90 minutes | WHY TODAY’S PARENTS (THE POLITICALLY-CORRECT TERM) SHOULDN’T BE ALLOWED PAST THE RECEPTION DESK: The effect of “postmodern psychological parenting” on the behavior of parents and an understanding of adult roles and responsibilities within the family. Why ADHD genes did not exist 60-plus years ago (and still don’t). |
| 60 – 90 minutes | Lunch |
| 90 minutes | GETTING KIDS TO OBEY IS A NO-BRAINER: Discipline is not a technology! It is not a matter of the proper use of consequences (albeit consequences are sometimes necessary)! Free will trumps behavior modification! Child psychologists (most of them, anyway) are just plain wrong! And, of course, how to do it right. |

| 90 minutes | Q/A AND ELABORATION ON PREVIOUS MATERIAL WHERE NECESSARY |
